

Est. 1965

CORPORATE DATA

Company Name: REM Electronics Supply Company, Inc.
Year Incorporated: 1965
State of Incorporation: Ohio
DUNS Number: 018414847
CAGE Code: 078L2
UEI: QW22JV3U2FU8

CAPABILITY STATEMENT

For nearly 70 years REM has been a supplier and contract manufacturer of a wide variety of electronic components. Our highly skilled, value-added manufacturing and R&D department is ready to help your agency reduce costs and lead times. With our flexibility to assist with design, sourcing and replacement of obsolete and hard-to-find parts, we ensure uninterrupted service for our customers. As resolution experts, we have built a reputation for successfully partnering with our clients to resolve their complex manufacturing and maintenance requirements.

CORE COMPETENCIES

- SMT & Through Hole Electronic Components
- Printed Circuit Board Layout & Assembly
- Custom Controls
- Machine & Custom Cable Assembly
- Category 5, 5e & 6 Cable Assembly
- Flat Ribbon Cable Assembly
- Wire Prep, Strip, Terminate
- Kitting Services
- Component Prep
- Product Assembly & Testing
- Tooling & Fixture Services
- Product Modification
- 3D Printing & Rapid Prototyping

DIFFERENTIATORS

- **Niche Focus:** Deep expertise and tailored offerings to meet unique needs.
- **Flexibility:** Provide personalized and customized solutions compared to larger companies.
- **Agility:** Can respond quickly to market changes and customer demands.
- **High-Quality:** Prioritizing craftsmanship & precision. We create products that meet or exceed customer expectations.
- **Research & Development:** Improving product features & finding unique solutions to industry challenges. REM is currently in discussions with multiple universities, in and out of state, on various R&D partnership opportunities with next-generation technologies.
- **Local Production & Support:** Domestically manufactured products offer shorter supply chains, faster delivery times, and contributes to the local job market.

PAST PERFORMANCE

- **NASA** | Fuses (80NSSC24880812Q)
- **DLA** | Enerpac Tools (SPE7M4-24-P-2662)
- **DLA** | IDIQ contract for Eaton Bussmann (SPE7M5-24-D-60EB)
- **Army – Fort McCoy Total Force Training Center** | Serviced logistical equipment to agency
- **AJAX TOCCO Magnethermic** | Primary client for over 30 years, supported and supplied a wide variety of control & power supply PCB assemblies, custom design pulse transformers and other supporting products.
- **Aptiv PLC (formerly Delphi Automotive Systems - GM)** | Supported their complex wire harness testing system for over 30 years via hardware revisions and upgrade implementations.

NAICS

- 334418** Printed Circuit Assembly Manufacturing
- 334419** Other Electronic Component Manufacturing
- 334515** Instrument Manufacturing for Measuring and Testing Electrical Signals
- 335999** Miscellaneous Electrical and Component Manufacturing
- 423690** Electronic Parts & Equipment Merchant Wholesalers
